An Account of the Effects of Electricity in paralytick Cases. In a Letter to John Pringle, *M. D. F. R. S. from* Benjamin Franklin, *Esq; F. R. S. (See our last Vol. p. 336.)*

SIR,

THE following is what I can at present recollect, relating to the effects of electricity, in paralytick cases, which have fallen under my observation.

Some years since, when the newspapers made mention of great cures performed in Italy or Germany, by means of electricity, a number of paralyticks were brought to me, from different parts of Pensylvania, and the neighbouring provinces, to be electrified; which I did for them at their requests. My method was, to place the patient first in a chair,
